

ATTENTION: This document does not replace a purchase order! Please clarify in advance whether you need to issue an official purchase order within your company. If so, we absolutely require your purchase order (including the order number), as we will otherwise be unable to process your order. If you do not need one, your internal cover letter – which may be informal (e.g., a delivery note) is sufficient. If you do not have your own cover letter, you may optionally fill out our shipping document. Please then include any cover letter with your shipment.

Please note that by placing an order, you accept our General Terms and Conditions, in particular the No-Russia and No-Belarus clauses. You can find all the details here: <https://gmc-i.link/servicegtc>

Create goods accompanying documents directly in IZYCHECK.IQ now - including a guided workflow and automatic PDF generation:
[IZYCHECK.IQ > My Devices > View Device Details > Fill out Shipping Document](#)
